3. The coach pitcher may pitch anywhere from within the pitching circle as long as he / she maintains at least one foot in the circle until the ball is released. The pitch shall not be delivered with a perceptible arc greater than six (6) feet from the ground. A warning will be given. PENALTY: Dead ball, add one pitch to count. If after fourth pitch, batter will be declare out.
4. No more than five (5) runs may be scored per inning. A ten (10) run lead at the end of four (4) innings or the end of any inning thereafter constitutes a ball game.

5. A runner from third base is allowed to score if she is past the half way mark prior to the pitcher having possession of the ball in the pitching circle. If the pitcher controls the ball first, the runner shall return to third base.
6. Where the ball is overthrown on the first initial attempt to any base (not the pitcher), the batter and / or runners may advance to the next base at their own risk. If the base runner has safely advanced one (1) base, time is called. It is the umpire's judgment if he / she thinks the ball is an overthrown ball. This rule does not apply to an overthrow of the pitcher, which is considered a live ball.
7. The lines between home and first, and home and third base (see Rule I, Item 6) should be only from the line to the inside of the field, not across the base line. This mark is strictly for the defensive player. All defensive players are not to pass this line prior to the ball being batted.

 - 👉 The ball is declared dead.
 - 👉 The batter is awarded 1st base.
 - 👉 All other base runners will advance one base, only if forced by the award of 1st base to the batter.
 - 👉 The batting team is given an out.
2. No teams will be allowed to score because of coach pitchers intentional interference, should a run be forced home, and then that runner will be the out mentioned in Rule 4 Section F.
3. If in the judgment of the umpire, the interference was unintentional:
 - 👉 Dead ball
 - 👉 No out will be charged
 - 👉 Forced run may score
 - a. No base runner is allowed to leave early when the designated coach pitcher is pitching the ball. The runner must wait until the ball is hit into play or the ball has crossed the plate.
 - b. Stealing second or third base while the designated adult pitcher is pitching is not permitted.
 - c. In the event of a wild pitch thrown by the designated adult pitcher, base runners may not advance.
 - d. IF A COACH ROLLS THE BALL TO THE BATTER, IT WILL BE CALLED A STRIKE AND THE COACH WILL BE REMOVED FROM THE GAME.
 - e. Defensive Players - There will be a maximum of six (6) infielders. All other players will play on the outfield grass.
 - f. All players are required to play at least one defensive inning. (3 consecutive outs or 5 runs scored by the other team.)
9. The defensive player / pitcher must stand in the back half of the pitching circle. She may not move from the back half of the pitching circle until the ball has been hit. With the exception of the catcher, no defensive player may be closer than 45 feet from the batter until the ball has been hit. **The four outfielders will remain 10 feet behind the baselines until the ball has been hit.** Violation of this rule will allow the offensive coach to take the resulting play or advance the batter to first base. ("Hit ball" denotes fair or foul ball.)
10. A play will be considered dead once the defensive pitcher has control of the ball within the 8-foot circle, unless making a play. Should the ball be hit directly back to the defensive pitcher on the ground, and the pitcher chooses to hold the ball in the circle rather than make a play, all runners will be allowed to advance one base, or position at time ball goes dead. It is the umpire's discretion if the pitcher is making an attempt on a play or is declaring the ball dead.
11. The runner is allowed to leave their base once the ball has left the coach pitcher's hand, but does so at risk of being put out. If the runner leaves the base early, or steps off the base, she will be called out.
